

[Positive Learning: How the education sector can meet the needs of learners living with HIV](#) [1]

Adolescents and young people living with HIV face several challenges in enjoying their right to education in a safe, supportive, inclusive and enabling learning environment. On the occasion of World AIDS Day, UNESCO, in collaboration with UNESCO International Institute for Educational Planning (IIEP), is launching the Positive Learning Toolkit, an online tool to support education stakeholders to meet the needs of adolescents and young people living with HIV, in both the formal and informal education sectors.
