

[To Inclusive Education and BEYOND](#) [1]

To Inclusive Education and BEYOND ' (BEYOND) is a Erasmus+ funded project, which aims to empower special schools and service providers supporting children with special needs, to facilitate the transition towards fully inclusive education systems. The Project will run for 36 months starting on September 2018 and finishing on August 2021. Over the course of the project's lifetime the project partners will develop a 5- day training course for service providers and special schools on how they can help to facilitate the transition towards fully inclusive education systems ; create a Massive Open Online Course (MOOC) on transition towards an inclusive education for all ; provide 28 country factsheets on support services in education in each EU Member State ; complete a study on the role of service providers in the transition towards inclusive education ; complete a study on developing methodologies for an effective transition to inclusive education.
